Today I imagined my future. I love the outdoors, so I would have a back garden. In the back garden, I would have wild animals so I could look after them, and smiling trees, because I want the environment to be saved. @WCSQM

@WCSQM When I leave school, for my next steps I want to design pop up greetings cards for a living. I watched this great YouTube video today, with this artist who cut out a 3D card of Big Ben.....

This is me being helpful because I am not fidgeting when my dad cuts my hair.
@WCSQM

You don't have to stick to the specified year group task, if another year group task would suit you better.

How can you win?

We are looking to give prizes to diaries which

- show that you have done something from at least one green box form the #worldclass framework, to a #worldclass standard, every single day you have been at home.
- demonstrate that you have put #worldclass effort into your diary, from beginning to end, every single day.

We would love to know how you are getting on. If you want to share with us how you are being #worldclass on a day to day basis, please get your parent/ guardian to take a photograph of your diary entry and tweet it, tagging @WCSQM and we will retweet your entry.
