

World Class Schools Quality Mark (WCSQM)

‘We are #worldclass **learners** and **leaders** with a **commitment to achieving** the best for our **community** and our best in the **work place**, by acquiring a deep **knowledge and understanding** of our world’

Dear Parents/ Carers

WCSQM is a charity, that is interested in developing the World Class characteristics of young people. We believe that there are certain characteristics that a young person needs to be World Class and succeed in an ever-changing global economy. We believe that any student, regardless of their background, has the capacity to be World Class. We know that being World Class is about what kind of person you are, and being the best you can be.

Your child's school has signed up to work with us. We are going to support your school's students to recognise themselves as World Class. We do this using our framework of World Class characteristics. It is divided into six areas which students have to demonstrate. The framework is on an app.

Your child will sign up to the app using their school email address and load up evidence to prove that they demonstrate the World Class characteristics. The evidence is likely to consist of photographs of themselves demonstrating characteristics, or images of other evidence, for example, certificates, participation in activities etc. Your child can access the app on any device, and upload evidence anywhere. Contained in the app are 'How To' videos for your child, to support them.

The evidence your child uploads will be accessible to school staff, so they can mark the evidence, and determine whether your child has proved each characteristic to a World Class standard or not. WCSQM asks schools to share with us examples of students who trail blaze World Class characteristics, so we can celebrate their achievement nationally. Your school will obtain the necessary permissions from you before they share any information with us.

We are a charity which wants to give your child the very best chances to prove how World Class they are. We are here to support your child to develop characteristics which mean they will thrive in an unpredictable world.

We feel lucky to be working with you.

Miranda Perry
Director WCSQM
